"I saw Capt. Parker of the United on the Atlantic Transport liner Minnetonka.

Lieut. Brown, who went to France he had gone along the line of the German retreat from that neighthes, proceeded at once to borhood and that he may only one rict," he said, "after the Germans orderliness of retreat of the Kaiser's

The Germans were very friendly wenty-five miles from Paris. The were in the district. As all of the

sure persons addicted to limburger cheese that they need not suffer deprivation on account of the war in Europe. The Department also hopes to encourage the manufacture of limburger in this country, assuring the farmers that foreign limburger has been driven from the field by the demestic product.

The Department bulletin says:

"All American cheeses rank, in the opinion of experts, fully as high as foreign cheeses of the same class.

"One of the most striking instances of this is limburger cheese. In quality and price American cheese of the limburger type long ago drove its foreign rivel out of the market. Very little foreign limburger has been imported into this country for many

FOUR TUMBLE IN AUTO.

"Many consumers have clung to the belief that they were eating a foreign cheere. There is no reason at all why they should not now know that the American product is evactly as good as the foreign. Moreover, now that some of the more expensive types of foreign cheeses are not likely to reach us for a long time, the demand for domestic limburger should be greatly increased."

# JACK JOHNSON FORFEITS.

Severament Calls Pagillet's Bond

for \$55,000-Hard to Collect. CHICAGO, Cet. 5.—The \$55,000 ball bonds of Jack Johnson, the prize fighter, were forfeited in the United States District Court, but the Government is said to have a poor chance of collecting.

to have a poor chance of collecting. The bonds were provided by the late Matthew Baldwin, whose estate is insolvent, and Johnson's mother also is said to be unable to pay.

The bonds were furnished to guarantee Johnson's appearance to-day for retrial on charges that he violated the Mann act in transporting Belle Behreiber from Pittsburgh to Chicago. He was convicted on the first trial, but errors were discovered by the Court of Appeals. ITEMS FOR INVESTORS.

New York Central new 5 per cent. notes are being offered upon a 6% per cent. basis—that is, 98% per cent. for the year notes and 99% for six months

The market for unlisted securities during the past week has come up to all expectations of the Committee of Five on unlisted securities. It is understood that there has been gradual increase in dealings, and that prices are generally holding around figures established the early part of last week. Borrowed and loaned stocks must be marked down, the amount of dividend deductions allowed in Clearing House, was a new ruling to-day by the committee.

Northern Pacific August gross de-clined \$145,548; net declined \$74,885. Two months' gross decreared \$626,-459; net decreased \$211,294.

Miami Copper Company deferred action on the quarterly dividend. The last dividend was paid in July. The action of the board was explained by an official of the company as due chiefly to the unsettled conditions which prevail in the copper trade and the reduced output of their mines.

The committee on unlisted stocks rules that where the value is less than \$3 per share orders need not be submitted; also, that names of customers need not be disclosed.

Activity in bonds has been considerably increased by a ruling of the Committee of Seven permitting brokers to solicit bids and offers from the various houses, subject only to provisions that before a trade is completed it must be submitted to the proper committee.
